The Honourable Charles Stewart,
Minister of the Interior,

MEMORANDUM:

Request for Transfer of Dominion Lands.

Re: Andrew Soderman, No.183747,
S.W.¼ 9-27-14-W.4th M. - S.C. 9-12-11.
- - - - - - - - - - - - - - -

The above named settler secured advances from the Board totalling $3002, the Board taking a charge upon his unpatented soldier grant above described. Owing to such charge, patent to the soldier grant cannot be issued to the settler until his indebtedness to the Board has been fully discharged.

We are now in receipt of an application from Mr. Soderman requesting that patent to his soldier grant should be issued in favour of the Board. Mr. Soderman states that he has completed all duties in connection with his soldier grant and would be entitled to receive patent therefor were it not for our charge. This is confirmed by the letter from the Secretary of the Department to the Board, dated the 16th October, 1925.

In order to enable a settler to negotiate a sale of land in cases of this character, special Regulations were promulgated by the Board as approved by the Governor in Council on the 4th day of June, 1921,(P.C.1821), which enables the Minister, on completion of duties by the settler and on the request of the Board, to vest the settler's right, title and interest in the unpatented land held by him in the Board, title remaining in the Board until the settler's indebtedness to it has been repaid. Under the provisions of these Regulations, the Board hereby requests that the right, title and interest of His Majesty in the S.W.¼ 9-27-14-W.4th M. be vested in the Soldier Settlement Board. The Vesting Order covering same is attached hereto for the Minister's signature.

Respectfully submitted,

C. H. Barnett

Chairman.

AND WHEREAS Andrew Soderman is a settler within the meaning of the Soldier Settlement Act who holds the S.W.¼ 9-27-14-W.4th M.;

AND WHEREAS The Soldier Settlement Board of Canada has requested the Minister to transfer the said land to the Board;

[illegible], Alberta.

Dear Sir:

Re: Joseph L. Harris. NE 27-24-13-4.
Provincial and Joint Relief Advances.

The above party obtained the following Provincial and Joint Relief Advances, the latter through the former Municipal District of [illegible], giving as security liens on the title to the above lands.

Provincial.

Principal 1916	$ 541.00
Int. to Oct. 31, 1945 .	834.72
	$1,366.00

Joint Relief.

Principal	$ 137.10
Int. to Dec. 31, 1945 .	227.85
	$ 364.95

The N. E. 27-24-13-4 was the debtor's pre-emption entry which has been cancelled while title to the N.E. 27-24-13-4 has been taken under the Tax Recovery Act, the land now being administered by the Special Areas Board. Due to the poor failures resulting from drouth are very discouraging and it is available for lease for grazing purposes only at a nominal rental insufficient to provide for any recovery on Provincial or Joint Relief indebtedness.

(continued)...

(continued)

As was the case in a great many instances in this territory the debtor failed entirely in his farming operations and moved therefrom, his present whereabouts being unknown.

As there is no security remaining of any value for these advances and as there is no possibility of obtaining repayment under the personal covenant I would recommend that the balance outstanding be written off and the liens discharged.

Provincial Seed Grain Advances of six hundred and fifty-three dollars and eleven cents ($653.11) have already been cancelled.

Yours very truly,

[illegible]
OFFICE COMMISSIONER.

STATEMENT

of Seed Grain, Fodder and Relief Indebtedness.

Josiah Castree Bayley,
N.½ 5-38-7 W.4th. N.W.6-38-7 W.4th.

Federal.

As per statement attached.

The seed grain application stated that
35 acres were ready for seeding on the N.W.6-38-7 W.4th, for
which 22 bushels of wheat and 35 bushels of oats were required.

Provincial-Federal.

No record.

Security.

N.½ 5-38-7 W.4th.

This half section was patented on the 6th March, 1914, to Mrs. Clementina Neff. There is no record of Mr. Bayley's interest in this land, but provided title to same was recorded in his name, the 1915 liens would form a correct charge.

N.W.6-38-7 W.4th.

This is the homestead of Josiah Castree Bayley, patented in his name on the 12th January, 1917, subject to the liens. There is no recent report on file.

N.E.1-38-8 W.4th.

According to information on file, J. C. Bayley purchased this land at a School Lands Sale about a year ago. Should he complete payment of the purchase price and obtain title, this land would also constitute security.

An application for adjustment has been received. File No.D-8-38.

Answer: none acres.

17. Are there any special circumstances such as illness, accident or lack of means, which should be considered by the Department in dealing with your case, or any further information which in your opinion should be brought to the attention of the Department?

Answer: lack of means and my wife is under the Doctors care, I am forced to work In order to meed Doctor bills, and the payments on my preemption, I have never had a crop worth threshing and the first ten acred stands me $10.50 an acre with no return I can not leave my wife now for any length of time and she can not stand the trip to the homestead I came to N.D. on account of my fathers illness and struck a job here this spring If I remain at work I can borrow money to meet my payments if I go to the homestead it will be very hard to do it Yes I WILL do all possible to make the full payment If I can remain at work($420.00) then when I get my debts payed up I'll be in shape to go on my land and farm right, I would rather farm than than anything else as I was raised on a farm and have great faith in Western Canada for wheat raising and mixed farming a section just makes a nice little farm, If you will accept the full payment I will see what I can do towards getting the money at once I intended breaking a few more acres this year but owing to circumstances I am afraid I can't make it

W.H.Cottingham Esq.
Agent Dom. Lands

Dear Mr. Cottingham;- I am enclosing herewith transfer of South African Bounty Scrip, from Wm. A.McGillivray to John Henry Delling. The scrip has already been located by Mr. McGillivray who secured an extension of time on it last fall until May of this year. As you know Mr. McGillivray is associated with me in farming at Zenith, and we are afraid if will be impossible to prove up his scrip without serious loss to our interests at Zenith.
Mr. McGillivray went into residence on his location, the south half of Sec.15-42-7 west of the fourth M. on May 2nd. but found it necessary to return to Zenith to complete seeding operations on our farm property there.
On June 5th. he again began residence on his scrip and a few days after received an offer from Mr. Delling for the scrip which he accepted, but it will be necessary to remain on his location until the transfer has been registered at Ottawa and the necessary papers forwarded from there. We would appreciate very much your good offices in having this transfer made if it is not asking too much, as I am not familiar with the procedure in the matter. It will doubtless be necessary to forward these papers to Calgary, but I thought your advice in the matter would be of very material assistance, and so I am troubling you to this extent. Anything you can do for Mr. McGillivray will be appreciated by me as well as by him. If you find it necessary to write Mr. McGillivray you can do so to my address here and I will have the same forwarded to his address at Wiste, where he will be until the transfer has been made.
Mr. R.J.Dinning of the Merchants Bank here is the subscribing witness to the appointment of a substitute.
Hoping that I have not imposed upon you, in asking this favor,
I am Sir, Yours Very Respectfully,

W.H.Cottingham Esq.

I beg to acknowledge receipt of your letter of the 17th inst., addressed to Dom. Lands Agent at Red Deer, with reference to the Military homestead entry of W. A. McGillivray, covering the South half of 15-32-7 West of the 4th Meridian. I am today forwarding Mr. McGillivray's assignment of his entry in favor of John H. Dolling to the Department, and I see no reason why the same should not be accepted in Mr. Dolling's favor, assuming, of course, that Mr. McGillivray was the original volunteer who located his warrant. I am also forwarding your letter to the Department by today's mail, in order that a notation may be made of the information furnished therein relative to the duties which have already been performed upon the land.

I beg to acknowledge receipt of your letter of the 24th ultimo, enclosing a memo of the residence and cultivation duties which have been performed by you on the South half of 15-32-7 West of 4th Meridian, in connection with your desire to be permitted to make application for patent, and in reply to advise that it appears from a letter received from Mr. McGillivray, the former entrant for this half section, that he performed residence between May 2nd, 1912 and July 24th of the same year. If you will get in touch with Mr. McGillivray and have him execute a Supplementary statement, corroborated by the evidence of two disinterested witnesses, showing that he performed this residence, and have the same forwarded here, and providing you remain in residence on the land until May 2nd of this year sufficient residence would then appear to have been performed, but before an application for patent can be considered it will be necessary for you to put another crop in in the year 1915, which is required owing to the fact that the cultivation duties have been performed in two years only, namely 1913 and 1914.

File No. S-1494.

Office of the Chairman

OTTAWA - FEB 11 1929

Memorandum:

Request for Title under Order in Council of the 4th June, 1921, where duties completed by soldier settler.

Re: John C. McAlpine,
S.W.¼ 2-28-14 W. 4th (S.S.)

The above-described land is the unpatented soldier grant of this settler.

Subsequent to the initial loan approved in his favour on the 12th April, 1920, the settler secured advances from the Board totalling $2701.30, as follows: removal of encumbrances, $322.00; stock and equipment, $1548.10; permanent improvements, $831.20. As security the Board holds a charge on the settler's soldier grant. The only other land security held by the Board in this case is a first mortgage on the S.E.¼ 2-28-14 W. 4th, the settler's patented homestead.

The Board is informed that the settler has completed the duties in connection with his soldier grant, and would be entitled to receive patent but for the Board's charge. This is confirmed by the letter from the Acting Commissioner of Dominion Lands to the settler, dated the 21st January, 1929.

The regulations approved by the Governor in Council on the 4th June, 1921, P.C. 1821, enable the Minister, on completion of duties by the settler and on the request of the Board, to vest the settler's right, title and interest in the unpatented Dominion land held by him in the Board, title remaining in the Board until the settler's indebtedness has been repaid. Such transfer of title also enables the settler to negotiate a sale of the land with the view to repaying the loan he has obtained from the Board.

The settler has requested that title to the land be issued to the Board. There is nothing on file to show that he contemplates discontinuing his farming enterprise. However, the settler desires to have title issued as aforesaid in order that it may be held by the Board as security for the advances granted, and in order to be in a position to negotiate a sale should he decide to do so at a future date.

Under the provisions of the regulations referred to, the Board hereby requests that the right, title and interest of His Majesty in the S.W.¼ 2-28-14 W. 4th M. be vested in the Soldier Settlement Board.

The Board has an effective charge on the land under the recent amendment to Section 26 of the Soldier Settlement Act, as all the advances referred to in the second paragraph hereof were made to the settler subsequent to the date of his entry for his soldier grant.

A Vesting Order for signature is attached hereto.

Sir,-

S.E. ¼ Sec. 16 Tp. 24 Rge. 14 West 4 Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that an amendment to the Dominion Lands Act has been passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Dear Sir,

Your letter of the 23 of June received some weeks ago in which you stated that the matter of the improvements on my abandoned homestead was being looked into. I am well aware of how much Mr. J W Short who now has it had to pay for said Improvements and that he was satisfied to pay it for that was the value of breaking at the rates charged last year, I should like to hear from your Dept as soon as possible as I may leave here any day.

General Remarks Continued:—

Sir

In reply to your letter of Nov 17th I beg to say that I visited above land and found that the only building thereon was constructed of wood walls with lumber & old roof which had fallen in.

There was no floor and even if the roof was in good condition it could only be described as a hovel and in no way fit for human habitation

There was no well near and from general appearances very little if any residence has been performed.

I made inquiries in the vicinity but from the situation of the above building I found it impossible to procure definite dates of residence and as entrant has a son living near neighbours could not say whether he slept on above land or not but it is quite clear that no residence has been performed on this land in a habitable house

Sir,-

In reply to yours of the 20th File No 68107-8
I beg to state that there is something
wrong about the Homestead Inspector's
report, in the spring of 1911 I arrived there
the last week of April taking with me
some ship lap flooring &c for a shack 10 x
12 after puting up the frame & used 10 oz
duck for roofing, my daughter and I lived
in it until Nov of that year. I put in
12 acres of fall wheat prepared the balance of
30 acres broke for the following spring

In the spring of 1912. I left Bassano on the
14th of April with seed going direct to my
place. Lived on the place until the 6th of Nov
Braking 40 acres more and prepared it for crops
also. Had a sod building put up 16 x 16 in
side 8 ft walls. The material for the roof Gable
[redacted] &c costing $65.00 I lived in it from
Sept until I left in Nov using the other for a
grainery.

1913 - Arrived on said land 21 of April.
Put in 70 acres broke 10 more got completely
hailed out left 6th of Nov.

1914 being sick had 80 acres put in
prospects good until end of June, hot winds

returns nothing.

This is not a very business like letter but facts. To the best of my knowledge I have performed all duties required had two neighbors testify to it and if nessessary can get 20 more. This delay is puting me in a bad fix. I had arranged to get a lone so as to have the crop put in this spring. If I can porably get the title by the end of May. It will enable me to have it summer followed.

Kindly advise me what your department will accept as satisfaction proof at your earlest convenience and Obligge

"'residence and as entrant has a son living near neighbours could not say whether he slept on above land or not but it is quite clear that no residence has been performed on this land in a habitable house."

In view of the Inspector's report that Mr. Short had not performed any residence on the above land in a habitable house the Agent informed the application that it would be necessary for him to put in six months residence in each of three years on the above land in a habitable house.

The Agent forwarded a letter received from Mr. Short, in which the latter states that there is something wrong about the Inspector's report, which you will please read.

Please say if a copy of this communication should be referred to the Homestead Inspector for that official to furnish a Supplementary report.

"EXTRACT FROM LETTER ".

"I may say that I have had a personal conversation with the Inspector, and he says that he is fully satisfied that everything is correct with the exception of the nature of the house. I have in my possession a petition signed by thirty-two of his neighbours, stating that this party had resided on his property as stated in his application for patent. The Inspector states that this is true. I have also the names of several residents who are prepared to make affidavits regarding the completeness of his residence. These include the post-master at Chinook and other prominent residents.

"The whole difficulty seems to be in regard to the house. It is contended that it is not a habitable house. The fact is that the party did actually live in it during this period, with the exception of the first period of six months. During this period he stated that he lived in a tent. As a matter of fact the place was a tent house 10' by 12'. It had a board flooring, and a board siding 5' high, and a duck roof. There were 800 feet of lumber in it, - which lumber was hauled 210 miles from Big River. The regular market town at that time was Prince Albert, 140 miles distant. This building was converted into a granary in 1913. The second and present house was built in 1914. It is a log house 3' thick, with attached roof of lumber, tar-paper and sod. The lumber for this roof alone cost $[illegible].00.

- This -

-2-

"This house is similar to a great many of the neighbours and because of the great distance of the market town it was about all a poor man could afford. He admits that the roof has badly sagged since he went to live with his son on the adjoining homestead, but that this was occasioned since his complete length of residence had been fulfilled. However, he did live in it for the three years, and considered he was doing his residence duties. He is a poor man, 73 years of age, and in poor health. He is now under my professional care, and the old gentleman is worrying very greatly that the only source of a living for the remaining years of his life is now going to be cut off.

"I may also say that he has had a pretty tough time of it during this homestead period. In 1911 he paid the Govt. for 5 acres of breaking. He broke 25 acres himself, and put in 16 acres of fall wheat. In 1912 this fall wheat was a failure. He put in 12 acres of flax, and broke 40 acres. In 1913 he broke 10 acres and put in 70 acres of crop. This was completely killed out. In 1914 he put in crop on 70 acres, but received no yield. In the meantime his son who lives on the adjoining farm has been trying to support the old gentleman as well as himself and family. The son's property is in the same condition as the father's. It has been very trying."

No. of Report 690

Land:— S½ of Sec. 18 Tp. 29 Rg. 6 W 4th M.

General Remarks Continued:—

Sir

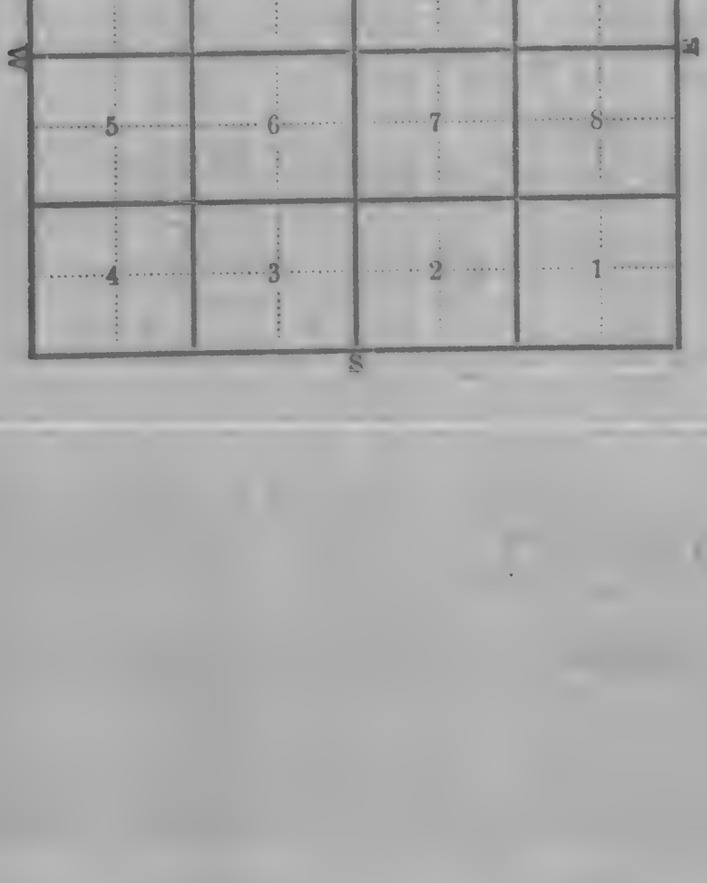
In reply to your letter of May 21st I beg to say that I have again visited the condition of the house I mentioned in my report of July 1914 and say that the roof had entirely collapsed at that time.

At the time of my visit on July 26th the settler was felling logs down and could not be found to have formed which could not be habitable at any time.

As I pointed out in that report it was impossible to obtain definite sworn statements as to residence owing to the fact that entry was not taken on 12-29-7-4.

The postmaster at Etmonde has been mentioned as being able to give a sworn statement but when I subsequently saw him all he knew was that entry had been made and proceeded his removal from that office and I attach his written statement of that effect.

I also attach certificates signed by neighbours each testifying to a habitual house and good cultivation made from date of entry.



I am of opinion that entry should be allowed.

Inspected July 26th 1915.

J. W. Allhat
Homestead Inspector.

This building is the only one lived in by Mr. Short, except in the first year, as stated before.

There is at present quite a neat little frame building nicely painted, on this half section, and it is habitable and of some value.

There appears to be no question whatever regarding other duties performed by Mr. Short, and I am satisfied, from what I gained from the neighbors, that he could be considered as having fulfilled his residence duties, and in view of the fact that there is now a habitable house on the land, I would recommend , if his Application for Patent is in order, that it be favourablly considered.

I might add that Mr. Short is quite an old gentleman and both he and his son, I believe, have had considerable hard luck since coming to this locality, and neighbors state that they have done as well as could be expected, taking all the circumstances into consideration.

I am returning herewith by registered mail, Head Office file #1906005.

Sir:

I regret the delay in making my Report in correction with the duties performed by J. W. Short on the South half of 18-29-6-W-4th M., but as I was located in Edmonton as Acting Agent of Dominion Lands at that point for a considerable length of time, this partly caused the delay. However, I have visited the land and interviewed neighbors in the vicinity and would report for your information as follows:-

Mr. Short was not on his land nor living in the locality, at the time of my visit a few days ago, but I interviewed his nearest neighbors and otherwise made general enquiries and all were of the opinion that Mr. Short had completed sufficient residence duties on this half section to entitle him to Patent.

The house which was on the land at the time he made his Application for Patent has been pulled down, and I am, therefore, not in a position to state whether it would have been considered habitable or not, however, the fact remains that the neighbors all state that he did live in this house with his young daughter. The building was a sod one, and I would not care to live in it if it was the same as some I saw; but others are living in sod houses and they are considered habitable while of little value. MEMORANDUM:

Mr. Hume.

Re S.½ of 18-29-6-W.4th M.
V.B.L.G. of J. W. Short.
Entry granted, 20th February, 1911.
Application for Patent made. Recommended

When Mr. Short made application for patent he claimed just the ~~bare~~ minimum of residence in each year and it was, therefore, considered advisable to have a Homestead Inspector report as to the manner in which the residence was performed.

The Homestead Inspector reported in December, 1914, that the only building on the land was a sod shack with lumber and sod roof which had fallen in. no floors, and even if the roof was in good condition it would only be described as a hovel and in no way fit for human habitation.

The Inspector states that he made enquiries in the neighborhood but he was unable to secure definite dates of residence, as the homesteader has a son living near and the neighbors could not state whether he slept on his own land or with the son, but it is quite clear that no residence had been performed in a habitable house.

On instructions from the Deputy Minister's Office the homesteader was informed that he would be required to do further duties and erect a habitable house.

I might here mention that when this application for patent was received it was noted that in evidence of Witness Ross some alterations had been made not initialed, and Witness Ferrie states that the homesteader built his house in July, 1912 and started residence in May, 1912 in a tent (frame construction), but in his evidence regarding residence he credits ~~him~~ residence from May, 1911 to November, 1911. It appears that this defect in the evidence of the witnesses have been overlooked and the only action taken against this application is in regards to the manner in which the residence has been performed.

On the

Mr. Martin's report is not accompanied by any evidence. Kindly say whether patent may now be allowed to issue. I assume that in any case the evidence of the witnesses will require to be properly corrected

1/3/16

On the 22nd of March last the homesteader protested that there was something wrong about the Inspector's report.

On the 26th of May last the Deputy Minister gave instructions that as information had been received that Mr. Short's house was a habitable one within the meaning of the Act during the time the entrant lived therein, but that it had deteriorated since he left the land. This information should be furnished the Homestead Inspector who has been called upon to furnish a report in order that he may take the same into consideration when reporting.

Homestead Inspector Kembry reported on the 26th of July, 1915 and confirmed his former report of December, 1914, wherein he stated that the house was not habitable.

The Inspector also stated that when he visited the land the entrant was pulling down this old house and constructing a frame one which no doubt would be habitable.

The Inspector pointed out that it is impossible to secure definite sworn statements as to the residence owing to the fact that the entrant's son lived so near to the land. He also stated that the postmaster at Chinook had been mentioned as being able to give a sworn statement, but when he interviewed him, all he knew was that the entrant had been in the vicinity and procured his mail from that office.

The Inspector also forwarded a sworn statement signed by twenty-three of his neighbors setting forth that Mr. Short lived on his own land the required time in 1911,1912 & 1913 in ~~which~~ that is termed a habitable house in that part of the country.

When this report was received the Deputy Minister gave instructions to have this case thoroughly enquired into by the Inspector of Agencies at Calgary.

Mr. Martin's report is now to hand and I beg to quote from his report as follows:

> "Mr. Short was not on his land nor
> "living in the locality, at the time of
> "my visit a few days ago, but I
> "interviewed his nearest neighbors and

Ref. 68107-8.

I beg to return you herewith the application for patent of Mr. J.W. Short for the above described land, and to point out that the witness Fenske states the homesteader built his house in July, 1912, and started the residence in May, 1912, in a tent (frame construction). He also credits him with residence from the 1st May, 1911, to November, 1911.

The witness's answer to question 3 is evidently in error and he intended to say May, 1911, and it will therefore be necessary for this witness to again appear either before you or the Sub-agent for the district, and have this corrected and initialled, and be re-sworn.

Encl.

I would also draw your attention to the fact that certain corrections have been made in the evidence of witness Ross, and are not initialled. If these corrections were made prior to the swearing of

of the applicant, it will be satisfactory to have them initialled by the party making the corrections, but if said corrections were made after the witness was sworn, it will be necessary to have the witness again appear and be re-sworn.

Kindly have this attended to and the application for patent returned here as soon as possible, in order that it may be disposed of.

I beg to advise that your application for patent covering the South half of 18-23-6 West of the 4th meridian is being returned to the Sub-Agent's office at Cyen, in order that you might have Mr. Fenske, one of your witnesses, again attend there for the purpose of having question 3 part 2 of his evidence properly answered, he having stated that you commenced residence on the land on the 1st of May, 1910, whereas you claim you commenced residence thereon on the 1st of May, 1911.

The application for patent has now been received and the evidence of a new witness obtained in the place of witness Fenske.

This application for patent now appears satisfactory in so far as the extra witness in place of Fenske goes, but the correction in the evidence of witness Ross is in the same manner as it was before it was returned, namely, that it was never initialled.

If, however, the Department takes this stand that the correction was made before the witness was re-sworn, the same can apparently be passed.

Memorandum

Mr. Perrin.

S.½ of 18-29-6-W. 4th Mer.
S. A. V. S. of Joseph W.Short.

This application for patent was made some little time ago, but as the same only showed the minimum amount of residence, a Homestead Inspector's report was called for as to the exact amount of residence performed.

The report of the Inspector was not very satisfactory and rather discredited the homesteader's claim to the house on the land. The Inspector claimed that the house was not habitable.

The case was reported on from time to time and finally it was decided to place the matter in the hands of Mr. Martin, of Calgary, Alberta for a thorough investigation.

Mr. Martin investigated the matter and reported in December, 1915, and on the case being submitted after his report was received (see memorandum marked of the 3rd of January, 1916) the Deputy Ministers instructions were to allow patent to issue, providing it is satisfactory as to form.

On examining said application, it was noted that one of the witnesses' answer to one of the questions was apparently in error and some corrections made in the evidence of witness Ross were not initialled, so the application was returned to the Agent of Dominion Lands at Calgary for proper completion.

Kindly refer to the Deputy's memorandum of the 10th of March, 1916, as follows:-

"It has been represented to this office that witness Mr. Otto Fenske has gone to the United States, and that it is doubtful whether he will be disposed to return to this country in the near future, for the purpose of remedying the defects in his corroborating evidence.

"Under the circumstances, Mr. Short has been informed that he may select some other person living in the vicinity of the land

Re: M.J 16-22-8-W4

This Department has an old account against the above noted land for advances of seed grain to Herbert Edward Diffey in 1915. We are anxious to bring our records up-to-date and if possible to settle this long outstanding account. It would assist us greatly if you would be kind enough to complete the attached form.

An addressed envelope which does not require a stamp is enclosed for this purpose.

Yours very truly,

Encl.

Re: Account of Herbert E. Diffey
N.½ 16-29-8-W4

The matter of an application for an adjustment of ...tedness outstanding against the above mentioned party is ...erred to you, constituted as a Board to deal with such ...s. Having completed an investigation I am now in a ...ition to report as follows:

In 1915 seed grain amounting to $180.15 was advanced ...erbert E. Diffey on the security of the above mentioned land. ...payment has ever been received and the present standing of ...s account is:

Principal	Interest	Total
$ 180.15	$ 304.13	$ 484.28

Patent was issued in the name of Herbert E. Diffey ... the N.W.¼ 16-29-8-W4 on the 26th February 1913 later ...ming subject to the 1915 lien. The N.E.¼ 16-29-8-W4 was ...rmerly the pre-emption entry of the debtor whose entry was ...celled on the 29th April 1927 and is, at the present time ...lienated Crown land held in the right of the Province of ...erta.

In reply to our questionaire concerning the N.½ ...-29-8-W4 of the 9th of April 1952, J.H. Todrick, Supervisor, ...cial Areas, Department of Municipal Affairs, Province of ...erta, wrote as follows:

"The NE¼ of this parcel is unalienated crown land ...le title to the NW¼ is presently vested in this department ...ving been acquired through proceedings under the Tax ...covery Act. These lands are vacant at present and are located ... that part of the Province designated "Special Areas" and as ...ch there is little likelihood of same ever being disposed of ... sale."

As there is little likelihood by the Province to ...spose of this land by sale it no longer offers any security ... value for the advance made. Under the circumstances it is ...commended that the indebtedness be cancelled without the ...uirement of any payment and the lien discharged.
